

Enzo Bacqueyrisses

NEXT.JS DEV

www.bacqueyrisses.dev

enzo.bacqueyrisses@gmail.com

Hello, I'm Enzo, a dedicated full-stack developer based in France. My specialization lies in Next.js and TypeScript, and I have a strong interest in contributing to open-source projects. I'm eager to bring my skills to new and engaging projects!

My latest project: www.nextai.dev

EDUCATION

01

O'Clock: Master Degree

2022 - Bordeaux, France

FULLSTACK WEB DEVELOPER

- Profound expertise in React and Next.js frameworks, leveraging advanced features and best practices to develop robust and scalable web applications.
- Proficient in developing Express.JS APIs and optimizing PostgreSQL databases.

WORK EXPERIENCES

02

2021 - 2023

FULL-STACK DEVELOPER

Freelance - Bordeaux, France

- Independently managed and executed multiple full-stack Next.js projects, ensuring high-quality deliverables within set timelines.
- Collaborated closely with clients to understand their requirements, translating complex business needs into efficient and scalable software solutions.
- Proficiently developed responsive and dynamic user interfaces using Next.js 14 features (React Suspense, NextAuth 5, Server Actions), delivering seamless user experiences across various devices and platforms.
- Leveraged TypeScript to ensure type safety and enhanced development workflows.

2023 - 2023

FULL-STACK DEVELOPER

Buildspace - San Francisco, USA

- Selected for a 6-week program (funded by Y Combinator, a16z) to build a innovative product in a tech community with experts from around the world ending with a 3-day demo weekend in San Francisco.

2021 - 2022

SEO DEVELOPER

MeSoigner - Bordeaux, France

PRINCIPLES
